Comments: Sorry I don't want to pay \$35 to join your association. I'm not into tractors, but I do own an early Massey Harris bicycle. I just want to respond to a forum post ( <http://masseycollectors.com/Discussion?forumid=2&threadid=3140> ) just to let Aussiemassey know that his bikes were not made by Massey Harris. They are typical circa 1930's roadsters built in Australia using BSA fittings. Massey was a Queensland brand. Happy for Aussiemassey to contact me and I can tell him a whole lot more about Massey Harris bikes, but know virtually nothing about tractors.
